Maybe even better than free.

Any file in any format can be uploaded and downloaded for free. Simply upload your file and share the link. No account or credit card is required to get started. Just upload the file you want to share with your friends and we send you a download link to your file. Files transferred the old-fashioned way tend to pile upand be forgotten about, eventually costing you money in data storage fees. If only we could, we surely would! On the other hand, using file can actually saveyou money. Keep your files private, or send your download links only to friends or family. filehosting provides an easy possibility for you to send large files toyour friends. So try our free and simple filehosting service now. We have no file size limit. You can give this download link to your friends by mail or instant messenger. Alternatively you can choose to share your download links on blogs, forums and social networking sites. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. There are no restrictions on the number of times a file can be downloaded. You don't need any special software installed to be able to download your files. You can upload any type of file (movies, music, documents, images, zip files and more). When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Unfortunately, we can't make that part free. Files can be downloaded from any computer from our high speed servers. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. File is free to use with no gotchas and no idden fees. Using file, you can circumvent those limits without paying to upgrade your team chat service. It is also allowed to link to the download page from websites and communities. You decide who you want to share your files with. Our service is completely free for everyone. The cost of that data transfer is covered b
