Maybe even better than free.

Files can be downloaded from any computer from our high speed servers. So try our free and simple filehosting service now. Keep your files private, or send your download links only to friends or family. You can upload any type of file (movies, music, documents, images, zip files and more). Using file, you can circumvent those limits without paying to upgrade your team chat service. File is free to use with no gotchas and no hidden fees. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. No account or credit card is required to get started.You can give this download link to your friends by mail or instant messenger. Alternatively you can choose to share your download links on blogs, forums andsocial networking sites. Simply upload your file and share the link. Just upload the file you want to share with your friends and we send you a download link toyour file. filehosting provides an easy possibility for you to send large files to your friends. Our service is completely free for everyone. If only we could, wesurely would! On the other hand, using file can actually save you money. The cost of that data transfer is covered by your internet service or the data plan onyour phone. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Any file in any format can be uploaded and downloaded for free. You decide who you want to share your fileswith. It is also allowed to link to the download page from websites and communities. You don't need any special software installed to be able to download yourfiles. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phoneand our servers, then from our servers to your friends device. There are no restrictions on the number of times a file can be downloaded. We have no file sizelimit. Unfortunately, we can't make that part free. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chatapps have limits to the size of files that can be transferred within their apps.
